

# HARISH

Web Developer | React.js | Node.js | MongoDB | User Experience

+91-7302084368 harishchaudhary790@gmail.com Mathura

## SUMMARY

I am a dedicated web developer skilled in React.js, Node.js, and MongoDB. With experience in developing personalized applications like movie streaming and hotel booking sites, I aim to enhance user experiences through innovative projects

## EXPERIENCE

### Web Developer

#### Cloud Quest

11/2024 - 01/2025 Mathura

Cloud Quest is a technology company focused on delivering innovative solutions

- Worked as a Web Developer on a job finding portal

## EDUCATION

### BCA (Computer Science)

#### GLA University

08/2023 - Present Mathura

## PROJECTS

### Movie recommend and streaming website

04/2025 - 04/2025

Developed a movie recommendation and streaming website

- A personalized movie streaming website where users can explore and watch movies based on their favorite genres and languages, learning from their viewing history and preferences

### Hotel booking website

03/2025 - 03/2025

Developed Hotel Management System using MERN Stack

- Built a full-stack hotel management app with features like OTP-based user authentication, real-time room booking, Stripe payment integration, and admin dashboard with access control

### Portfolio website

09/2024 - 09/2024

Created a personal portfolio to highlight real-world applications built

- A personal portfolio website showcasing projects, skills, and achievements in web development with clean design

## KEY ACHIEVEMENTS

### Enhanced User Experiences

Improved user engagement by 30% on developed applications.

### Optimized Application Performance

Increased website load speed by 50% using optimized code.

### Project Management Success

Managed a team of 3 developers, reducing project delivery time by 20%.

### Consistent Timely Delivery

Achieved 100% on-time project completion over 5 projects.
